Enclosed are some forms I would like for you to fill out and send back or drop off before your scheduled day, so that we can get your information in our database. We will keep the Boarding Agreement, Boarding Application, and Veterinary Release Forms on file so if you board in the future you will not have to repeat those forms. Also would you please include your \$20.00 deposit to hold your reservation, which will go towards your pets stay. If you have any questions about the forms or deposit please give me a call. I appreciate you booking your reservation with Tails a Wagg'n and we look forward to having your pet staying with us while you're away.

Thank you,
